Professional Experience

Senior Executive, Sales-MIS

Bashundhara Group [🔗](#)

Dhaka, Bangladesh

January 2026 – Present

- Manage sales MIS for three Bashundhara Group businesses (PHC Pile, ReadyMix and Cement) across SAP SD/MM, an in-house ERP and a CRM, seeing first-hand how a large organization adopts and uses enterprise systems.
- Turn sales and operations data into monthly management reports, targets and forecasts that senior management use for decisions.
- Lead reporting and automation work, from Power BI dashboards (including Bashundhara Cement's Mason Loyalty Program) to Google Apps Script tools and Python and SQL data checks, built around how sales teams actually work day to day.
- Set up standard SAP processes and SOPs for the sales order cycle and customer data, helping staff across sales, finance and production plants use the system in the same way.
- Handle commercial work including inter-company orders, price approvals and documents for LC-backed sales.
- **Skills:** SAP SD/MM, Power BI, Excel, SQL, Python, Google Apps Script, ERP, CRM, Forecasting.

MIS Executive

Quasem Foundation (A concern of Quasem Group) [🔗](#)

Dhaka, Bangladesh

May 2025 – January 2026

- Coordinated the ERP and Hospital Information System (HIS) rollout for 3 eye hospitals, 1 maternity hospital, 9 vision centers and regular eye camps in rural Rangpur, turning what clinical and admin staff needed into requirements for the software team.
- Adapted the system to local working conditions, at times choosing simpler options that staff in rural centers could actually use.
- Set up daily automated reports in Power BI, Excel and SQL so managers could make service decisions with same-day data for all 13 centers.
- Prepared donor reports in the format each donor asked for: Seva Foundation (US), Cure Blindness Project (US) and SightSavers (UK).
- Worked with the R&D team reviewing the Vision Center model of community eye care.

Administrative Operations Manager & Business Development Intern

Geist International Foundation (GIF) [🔗](#)

Dhaka, Bangladesh

May 2023 – Sep 2024

- Ran day-to-day operations for two donor-funded social projects: “**Wheels of Change**” (GCERF/Kofi Annan Foundation) and “**Quality Education for Children with Autism**” (EMK Center).
- Managed the database for the “**English Access Microscholarship Program**” (U.S. Department of State/U.S. Embassy) for 500+ students from low-income backgrounds, which made reporting more accurate and quicker.
- Tracked project budgets and social impact, and helped set up the records used to measure program outcomes.

Projects

Injury Prediction Model for Professional Football (*Python, Keras, Tensor-Flow*)

[GitHub Link](#) [🔗](#)

Financial and Regional Performance of Agrani Bank Plc, 2019-2023 (*Excel, Power BI*)

[GitHub Link](#) [🔗](#)

Architectural Firms in Bangladesh: Distribution and Digital Presence (*Python, Pandas*)

[GitHub Link](#) [🔗](#)

More projects, including survey analysis in Stata and SPSS and small machine learning models, are on [GitHub](#) and my [portfolio](#).

Technologies

Languages: Python, SQL, JavaScript, Google Apps Script, C++ (Basic)

Enterprise Systems: SAP SD/MM, ERP, CRM, Hospital Information Systems

Database Management: MySQL

Packages: Pandas, NumPy, Matplotlib, Seaborn, scikit-learn, TensorFlow, Keras, SHAP, Selenium, Scrapy

Applications: Power BI, Excel, Tableau, Looker Studio, MySQL Workbench, PyCharm

Version Control: Git, GitHub

Other Tools: Stata, SPSS, LaTeX, QuickBooks

Leadership & Extracurricular Activities

Captain, MIS Football Team *University of Dhaka* 2023

Organizer, MIS-Ing Football Tournament *University of Dhaka* 2021, 2022

- Organized the department's yearly futsal tournament.

General Secretary, Dhaka University Students' Association of Kotalipara (DUSAK) 2022 – 2023

- Organized an olympiad for 600 school students from rural areas.

Competitions & Awards

Supply Chain Research Challenge 2.0 *Winner, 95% Scholarship in Supply Chain Program* 2022

Battle of Minds by British American Tobacco (BAT) *Bootcamp, FGD Round 3* 2022, 2023

Innovator by Voice of Business *Finalist* 2019

Advanced Certifications

Machine Learning and AI Bootcamp *MIS, DU Alumni*

- Python, Jupyter Notebook, Google Colab, PyTorch, TensorFlow, scikit-learn, Pandas, SVM and NLP, with mentors from UTEP and PennWest.

Power BI Certification *ICDB Certified*

Python for Data Analysis and ML *Udemy*

Professional Degree

Institute of Cost and Management Accountants of Bangladesh (ICMAB) 2021 – Present

Cost and Management Accountant (CMA)

- **Status:** In progress, 2 of 5 levels completed (score 650)
